Things you should bring with you:

- Wellies; we are a working farm and it may get muddy
- Torches
- Warm clothes; in case the weather turns cooler

There is no electricity on the site.

Showers: Hot showers are on site and are free to use.

Thunder box composting toilets: Within the Yurt site one for each yurt.

Safety on the farm

The yurt site is car free and enclosed on all sides making it safe and secure for children to run and play.

We have fire guards available to go around the log burners if you require.

As the farm is a working farm we ask you not to enter the yards or buildings alone.

We also have a deep lake on the farm and ask that you take special care when around the water especially when with children.

Directions

We are located in the small hamlet of Yeabridge, just outside South Petherton, Somerset. (TA13 5LP)

If you are travelling southbound on the M5 take Junction 25 for Taunton and then the A358 to the A303. Follow the A303 to Hayes End roundabout. You then leave the roundabout signposted towards Yeabridge and Wigborough and follow the small country lane for ½ mile. The farm is then on your left.

From Devon and Cornwall follow the A30 which then leads onto the A303 and follow as above.

From London follow the M3 onto the A303 and follow directions as above.

We look forward to welcoming you!
